THE DESK CENTRE

QUALITY ENGLISH REPRODUCTION FURNITURE FOR THE HOME & OFFICE

A FAMILY RUN BUSINESS SINCE 1965

INTRODUCTION

The Worley family's involvement in selling traditional furniture, dates back to the late 1950's when Albert Edward Worley opened an antique shop and auction house in Purbrook, Hampshire. His son Adrian worked with his father, learning the trade and after a few years of working together, they formed the company A.E. Worley and Son Ltd.

Albert retired in the mid 1970's, selling the shop in Purbrook, but Adrian continued the family business and started selling English Reproduction furniture to various trade customers across the South and West of England.

In 1976 a different shop became available. No. 76 Northam Road, Southampton, from a retiring trade customer of Adrian's. He decided to buy the shop and a few years later No. 74 was acquired, adding more showroom space and workshop facilities. Adrian was helped through these early years in the shop by his wife Marian and later his two sons James and Graham.

In 1984 a family decision was made to rename the now flourishing business, The Desk Centre and start specializing in new Reproduction Pedestal Desks, Bookcases, Filing Cabinets and Leather Chairs plus Antique and Refurbished Desks.

After retiring in 2002, Adrian and Marion passed over the business to their two sons, James and Graham, who by now, had learnt their trade as furniture makers, restorers, French polishers and upholsterers. Skills, which have since been passed on to their current staff.

With continual expansion of the business, The Desk Centre are now leaders in supplying traditional English office furniture to the home and work place. Still manufacturing and upholstering in the UK, keeping delivery times low.

The Desk Centre has supplied thousands of satisfied customers from the UK and all over the world and they still pride themselves on giving a quality personal service, with over 45 years experience gained in the furniture trade.

This brochure is dedicated to Adrian Worley 1938-2005. Founder of The Desk Centre
