LEATHER STUDY/OFFICE CHAIRS

Our comprehensive range of Traditional Leather Chairs are hand upholstered here in the UK by our own upholsterers. (not imported)

The chairs frames are made from solid hardwood and then polished to the chosen wood shade.

The upholstery work is carried out using age old methods which take time and skill. A choice of sprung cushion seats and deep buttoning. The popular leather choice we use is the antique range, available in eight different colours. Other pastel leather colours are available on request.

Swivel chairs have a Gas height and tilt mechanism. The wooden five legged bases can be fitted with twin wheel brass hooded castors or wooden turned feet at no extra cost.
